

## COUNT YOUR BLESSINGS 2010

### A life-changing experience for Lent

Make Lent meaningful this year. Instead of giving up wine or chocolate, join us to look again at the good things in your life – and change the lives of others living in poverty across the world.

It's simple. Put up this calendar on your notice board or fridge and let us show you the world afresh each day. Then record your responses daily in the boxes as you walk with us from Ash Wednesday through to Easter.\*

\*The daily-giving amounts are suggestions only. Please give what you can.

## LOVING FATHER

Often we forget your gifts to us,  
letting them pass unnoticed  
through each day.

Show us how to look again,  
to see through your eyes  
and give freely in response to what  
we see.

And often we forget those who  
struggle –

those whose greatest need  
is lost among our riches.

Help us to look again,  
to see through your eyes.

You gave so freely. Help us freely give.  
**Amen**

Sign up for emails to help you keep Lent's journey in mind – and we'll send you meditations, reflections and powerful stories. Visit [www.christianaid.org.uk/lent](http://www.christianaid.org.uk/lent)

A children's version of *Count Your Blessings*, resources for church worship and small study groups and more copies of this calendar are also available online.

You can also remove and keep this prayer bookmark, and photocopy the calendar for your friends, family or local church.

This leaflet can be rolled into a desk calendar too.

## WEEK 1: THE NEXT MEAL

**Wednesday 17  
Ash Wednesday**  
883 million people worldwide often don't know where their next meal is coming from. Give 10p for each hour between your last meal and your next.

**Thursday 18**  
Wasted food costs the average family £420 a year. Give 42p for each type of food you binned this week.

**Friday 19**  
In 2008 the price of basic foods such as rice, oil and sugar increased by 50%, placing even greater pressure on poor families. Give 20p for every packet or bottle of rice, oil or sugar you own.

**Weekend 20 & 21**  
'We had 13 children, but four of them died.' What Leandro wants more than anything is to keep his children healthy. 80% of his family's diet is potato. Chronic malnutrition and infant mortality are huge problems in Bolivia. Christian Aid is helping to fund seeds, tools and training so families there can build greenhouses and grow vegetables to eat and sell. Could you hold a Super Soup Lunch on 26 March? Visit [www.christianaid.org.uk/super-soup-lunch](http://www.christianaid.org.uk/super-soup-lunch)

## WEEK 2: A DECENT LIVING

**Monday 22**  
The International Labour Organisation estimates that 200 million more workers will fall into extreme poverty as a result of the global recession. Almost half live in south Asia. Give 10p for every £1,000 you earned last year.

**Tuesday 23**  
One in six children worldwide is involved in child labour, which harms their mental, physical or emotional development. Give 10p for every year of your childhood you were free to play in your spare time.

**Wednesday 24**  
'Happiness comes by chance. Today I am happy because I made £1.50 carrying stones.' Jimmy, street child, Democratic Republic of Congo. What has lifted your day today? Give £1.50 in thanks.

**Thursday 25**  
A survey conducted by the Zimbabwe Farmers' Union found that agricultural yields almost halved in farming households affected by HIV. Give 5p for every year of your life you took more holiday leave from school or work than sick leave.

**Friday 26**  
Poor people in developing countries spend 50-80% of their income on food. Give 5p for every £1 you have spent in a supermarket in the last week.

**Weekend 27 & 28**  
Get ready for Mothering Sunday! Flowers are a lifeline for the women at Las Hortencias carnation nursery in Honduras. In 2007 a gale destroyed the nursery's plastic roofing, threatening all they'd worked for. But Christian Aid funded a new storm-proof roof reinforced with wire mesh. £11 could buy 10 metres of mesh. Visit [www.christianaid.org.uk/lent](http://www.christianaid.org.uk/lent) today to find out how you or your church could buy life-changing gifts like this for Mothering Sunday.

## WEEK 3: LIVING WATER

**Monday 1**  
Every 20 seconds, a child dies from a disease associated with dirty water. Give 20p for each time you washed the car last year.

**Tuesday 2**  
A dripping tap can waste as much as 5,500 litres of water a year – enough to fill a paddling pool every week of the summer. Give 55p if you can swim and 10p for each time you used a pool this year.

**Wednesday 3**  
Inadequate access to clean water means 1 in 10 people worldwide consumes foods irrigated by waste-water, often containing dangerous chemicals or bacteria. Give 30p for each kind of fruit or veg you ate yesterday.

**Thursday 4**  
Toilet-flushing accounts for about a third of household water usage. You probably flush away as much water in a day as you drink in a whole month. Place a brick in your cistern today to save water.

**Friday 5**  
'Most of all I pray for clean water.' Everlyne Kithuku, slum inhabitant, Nairobi, Kenya. Today is World Women's Day of Prayer. Pray for all women who must cook and care for their families without access to safe water.

**Weekend 6 & 7**  
'I've collected water for my family for nine years. It used to take me 40 minutes but now it takes five,' says Ketemash Takle, who likes numbers. Her favourite subject is maths – and next year, thanks to time saved by a local water point funded by Christian Aid, she'll start at secondary school. Give 10p for each step from where you're reading this to the nearest tap.

## WEEK 4: TOMORROW'S CHILD

**Monday 8**  
More children die because they aren't properly weaned than because of famine. Reflect on your favourite childhood memory. Pray for all children whose daily lives are a struggle for survival.

**Tuesday 9**  
£1.75 could buy a school bag for a child in Zambia. Give this sum if you've ever had the privilege of wearing a school uniform.

**Wednesday 10**  
Fewer than half of all pregnant women in developing countries have access to adequate prenatal care. Give 40p for each baby you know born with the aid of a midwife in the last year.

**Thursday 11**  
'I think and hope that the babies I help to deliver will live in a better world.' Evalina Wandi Prata, midwife, Christian Aid partner IECA, Angola. Give 5p for every educational book in your home.

**Friday 12**  
Children in the UK receive an average of £4.80 per week in pocket money. Give 48p if you've ever received pocket money.

**Weekend 13 & 14**  
At 16 months, baby Cassim was diagnosed as malnourished and had stopped eating. Fearing for his life, Cassim's mother turned to our partner the Baptist Clinic, Malawi, for treatment and help with feeding. Nutritionist Kingless Chilembwe tracked his journey back to health every day for 11 months. Cassim is now a fit and healthy two-year-old. This Sunday is Mothering Sunday. Give 30p for every healthy child in your extended family.

MARCH

### Monday 22

Fair trade helps 7 million worldwide. Next time you visit the supermarket, buy a fairly traded item you haven't yet tried.

### Tuesday 23

Tax-dodging multinationals cheat the developing world out of at least US\$160bn each year, nine times the amount needed to educate all children globally. Visit [www.christianaid.org.uk](http://www.christianaid.org.uk) to demand tax justice.

855 million people in the world are illiterate. 70% of them are female. Give 2p for each item in the room that has text printed on it.

### Friday 26

'70% of the people live in rural areas, yet they have no space in the media.' PV Satheesh, Christian Aid partner DDS, which launched India's first rural community radio station. Give 30p for each time you caught your local news this week.

We believe unequal power relations are at the heart of poverty, so we campaign to change the structures that hold poverty in place, and support people to claim their rights. Lift to God those who face discrimination.
