Thank you

for your kind donation of

£

The money you raised will help
Christian Aid to support our neighbours
living in poverty around the world.

Zalissa Zoundi, aged 10, lives in Burkina Faso in West Africa. Because the changing climate has
made farming in their area much more difficult, her mother has to work far away from the family,
at a gold mine. Zalissa says, ‘I don’t like it when my mother is far away. I would rather she was
here with us. I’d like her to get a job baking cakes, so we can eat them!’ Christian Aid is helping
families who are impacted by climate change to live life to the full.
