Dear Prime Minister,

As the UK Government prepares to host the COP26 climate change talks in 2020, we call on you to lead a New Deal for Climate Justice.

Will you ensure that the UK:

- transfers its fair share of finance and technology to poor and climate-vulnerable countries

- stops fuelling fossil fuel expansion and instead supports clean, renewable energy

- develops renewable energy without exploiting people or destroying the environment in the global South

- curbs the over-consumption that is driving climate breakdown

- invests in decarbonising the UK economy in a way that addresses economic and social inequalities.
