

Creator God,  
from the tree of the garden of Eden,  
to the tree in the city in Revelation,  
we thank you for your vision of  
creation healed.

Help us to be your agents  
of restoration,  
tending to the beauty of the Earth,  
and enabling your healing of  
the nations.

**Amen.**

In Malawi, the baobab tree is truly a tree of hope. Although the climate crisis is destroying homes, crops and lives, the Makande women's group have united to protect their families and community.

Christian Aid has helped the group set up a baobab juice business, providing vital income to adapt to the changing climate.

Find out how you can give, act and pray for Creation and our global neighbours at **[caid.org.uk/tree](https://caid.org.uk/tree)**
