

# Harvest of hope

**1 in 5**

foods that you buy come from countries vulnerable to climate related disasters.

**811 million**

people globally live with food insecurity, and more than **54 million** people are on the brink of famine.

**'The earth is the Lord's and all that is in it.'** (Psalm 24:1)

Lord God, the earth is yours and all that is in it.  
We give thanks for the food we share  
and ask your blessing on those who  
grow, harvest and prepare it.  
Forgive us when we fail to care for your world.  
Inspire us to act for the good of our neighbours,  
especially for those who do not have plentiful food.  
Nourish us with your Spirit,  
that we may be filled with energy to do your will.

In Jesus' name,  
Amen.

Did you know climate disasters across the world make the food on your table more expensive?

**Bananas, grapes, avocados, tea and coffee** are among the foods likely to be threatened by the climate crisis.

Your Harvest gift will support farmers like Nyarai:

**'We've seen our livelihoods, diet and farming methods improve greatly.'**

Nyarai Zirugo, Zimbabwe

scan this QR code or visit [caid.org/harvestofhope](https://caid.org/harvestofhope) to find out more.

Draw and colour in your favourite Harvest meal.

Can you find out where your favourite foods are grown?

'The earth is the Lord's.' (Psalm 24:1)

God we thank you for delicious food!  
 Thank you for farmers and people who cook for us.  
 Please help anyone who is hungry, and teach us how we can be helpers.  
 We pray for places where it is getting too hot, too rainy or too stormy, to grow the food that people need.  
 We pray for powerful people to step up and take action on the climate crisis.  
 Show us how to be kind to one another and how to love the world you have made.  
 Amen.

**Colour in the crops.**

Tomatoes

Peppers

Peas

Bananas

Sugarcane

Corn

**maize | beans | wheat | peanuts | peas | mangoes | bananas**

These are some foods that grow in places where the climate crisis is making farming harder.

**Which of these does Zimbabwe sell the most of to the rest of the world?**
