

The **Restore** campaign

We're calling on the UK Government to make polluters pay for the climate crisis and to introduce new debt justice laws that could pull millions of people out of poverty.

You can make this happen.

Together we can play our part in God's work to restore creation and see the flourishing of all people. **Sign the petition, now.**

If you are the petition organiser, please tell us your name and address (even if you've signed the petition).

Sign the petition to call for the UK government to make reckless polluters pay for the damage they've caused.

I believe the UK Government must:

- Make polluters pay for the climate crisis they've caused
- And force lenders to cancel or renegotiate the debts of low-income countries.

UK Government: stand up for people living in poverty.
