The **Restore** campaign

"Our government urgently needs money so it can deal with the climate crisis. But instead we're trapped spending billions in debt repayment."

Precious Kalombwana is a Zambian debt activist and campaigner.

The **Restore** campaign

For too long, the UK Government has backed the world's biggest polluters and greediest corporate lenders, whose reckless actions are fuelling the climate and debt crises – robbing communities of their futures.

It doesn't have to be this way.

For 80 years, together with churches and supporters, we've stood up and challenged those in power to make the world a more beautiful place. We believe in the unstoppable power of hope.

Join God's work
to restore creation and see
the flourishing of all people.
